## Alberta's Natural Resources

At the adjourned session Premier Greenfield gave the house the draft agreement between the dominion and provincial governments for the transfer of the natural resources to the province. He stated that he had received a promise from Premier King that the agreement would be introduced at next session of the commons. The legislature passed a resolution, first introduced by Premier Greenfield, but later modified at the request of Hon. C. R. Mitchell, to the effect that the dominion government be urged to conclude negotiations as quickly as possible along the lines of the general principles of the draft agreement.

### MAIN FEATURES OF

**NATURAL RESOURCES PACT**

The following are the main features of the natural resources agreement.

1. All crown lands, mines, minerals and royalties formerly administered by the dominion to be administered by the province of Alberta, the province to get the revenue therefrom.
2. In lieu of an accounting, continuation of the federal subsidy of \$62,500 per annum for another three years, this sum being considered sufficient to enable the province to meet the outlay necessary to carry out the terms of the agreement.
3. Transfer to the province of its share of the school land fund.
4. All fishery right in provincial waters to be vested in the province, the crown to retain, however, its interest in the waters under the North-West Irrigation Act of 1898.
5. Indian reserves to be retained in the jurisdiction of the dominion government, the province to set aside from its crown land any additional lands required to enable the dominion government to carry out its treaty obligations.

6. Soldier settlement lands upon which any advance has been made by the dominion government under the Soldiers' Settlement Act to be retained by the dominion government.
7. Cooking lake forest reserve, including mines, minerals and fishery rights, to be retained by the dominion government. Other reserves as per schedule A to be retained by the dominion government, including fishery rights, but not mines and minerals.

## Wheat Pool Meeting

The annual meeting of the Alberta Wheat Pool was held in Calgary on Thursday and Friday of this week. The proceedings were private, no representative of the press being present.

The former board, with H. W. Wood as president, were re-elected as follows: Chairman, H. W. Wood, representing the Red Deer wheat pool district; W. J. Jackson, Edmonton district; O. L. McPherson, Claresholm district; R. N. Mangles, North Calgary district; Ben S. Plummer, South Calgary district; C. C. Jensen, Lethbridge district; Lew Hutchinson, Camrose district.

Local representatives were Angus Watson, Strathmore; A. C. Senack, Iricana; E. W. Part, Rockyford; and T. A. Thorson, Namaka.

The delegates were well satisfied with the reports presented.

It is estimated that the handling charges for this year will be in the neighborhood of half-cent per bushel. However, the pool year will not finish till the end of the month, and reports represented were therefore of an optimistic nature. The reason for holding the annual meeting in August, instead of November, is stated to be that it allows the new Board an opportunity of functioning throughout the whole pool year, instead of the change taking place when a large amount of the wheat has been shipped.

It is stated that two cents per bushel will be deducted this year for the requirement of elevators, and half-cent for the reserve fund. The first pool payment will be made sometime during the present month.

### Membership increased

The membership of the pool, which was 20,440 in August of last year is now 31,454, an increase of 204.

The pool is now handling well over half of the total wheat production of Alberta. The local delegates are of the opinion that when the pool year is concluded those in the pool will have received a greater return than those outside. It is also stated that the average paid to non-pool wheat growers throughout the year. It has also to be taken into consideration that for the first time in history the price of wheat in Canada was higher than that in the United States, throughout the greater part of the pool year, and contrary to past experience wheat prices continued to rise after the wheat was harvested, instead of falling when deliveries were at the peak.

## Harvest Is General

Cutting is now in progress in many fields in the district, and the next two weeks will see most of the crop in the stack.

A number of farmers commenced cutting wheat last week, but finding the grain got quite ripe, held off for a few days more.

There has been no rain for the past sixteen days, and a good rain now would be of much advantage to late grain and to stored stuff, which is feeling the effects of the dry weather. While the weather has been warm, there has been no excessive heat, and no damage from burning.

Harvest hands are coming into the district, and a number of workers are being engaged by C.P.R. camps to engage in the harvest.

## Hon. R. B. Bennett Will Unveil Memorial

In response to a wireless message sent while on his visit to the north country, Lord Byng, of Viceroy General of Canada, has expressed his regrets, through his secretary, Major Hodgson, that he would be unable to unveil the memorial stone at Strathmore this month, owing to his programme being completely filled.

Hon. R. B. Bennett, K.C. L.L.D., has, however, kindly consented to perform the unveiling ceremony at about the same time.

A number of members of the G.W.C.A. put in a four foot deep concrete foundation for the Memorial on Friday and Saturday. The stone is at present being cut in Calgary, and should be erected before the end of this month.

The memorial committee has been reconstituted as follows: H. W. Bell, T. E. Wright, H. S. B. Chamberlain, Frank Skene, M. B. Garrett, Chas. Keeling, John Mackenzie, W. R. Peterson, C. S. B. Lait, with power to add to the number.

### FINE BARN DANCE

Celebrating the opening of Walter Keeler's new barn thirteen miles north east of Strathmore, eighty carloads of people from all over the district gathered there on Friday night, and had a splendid time. The dance was under the auspices of the ladies of Sacred Heart Church, Strathmore, and was carried on till an early hour in the morning with much enjoyment.

## Heroic Attempt At Rescue

By 12-year Old Girl

In the excitement created in the Strathmore district last week, in the death by drowning of Mrs. H. Craven, little mention was made of the heroic action of young Wilma Porteous, who repeatedly endeavored to save Mrs. Craven, and would have done so had it not been for the struggles of the drowning woman. The girl was kneeling in several places in the straggle, and was dragged under twice. It was only her presence of mind in holding her breath while under water that prevented her from losing a leg and steps are to be taken to secure recognition of the brave deed.

The accompanying letter from Mr. T. Longbottom expresses the sentiments of the people of Strathmore and district in the matter: Editor, Strathmore Standard.

Dear Sir: With your permission I would like to bring to the notice of many people living in this district, a hitherto unknown feature of the tragedy which occurred when Mrs. Craven lost her life in the C.P.R. canal near this point. As you are aware, a report of the fatality was telephoned to you at a late hour on the day it occurred.

Since that time I have learned of the splendid behavior of the thirteen year old daughter of Mr. and Mrs. Gordon Porteous, and it is now my duty to add to an incomplete report. Time after time, Wilma went to the aid of her unfortunate companion, and a rescue would have undoubtedly been effected had it not been for the struggles of the drowning lady.

Although severely bruised and greatly exhausted from her severe ordeal, Miss Porteous continued her heroic exertions until death claimed its victim.

And because every human being loves the story of a courageous deed, especially when performed by one of such tender years as Miss Porteous, I venture to express the hope that you will give this matter the publicity it deserves.

Thanking you for your kind favours of the past, I remain, Very faithfully yours, T. LONGBOTTOM

## Bow Valley District U.F.A. Meets

Another successful meeting of the Bow Valley U.F.A. and U.F.W.A. District Association was held at Namaka on Saturday, August 8, with over fifty delegates and visitors present.

Mrs. C. Gable, vice-president, presiding. After the address of welcome by Mr. Wheeler, of the Namaka U.F.A., and invocation by the Rev. Mr. Howe, reading of minutes and correspondence the Convention took up resolutions. One asking threeholders to stipulate a price to be paid for board when hiring men from Serviceworkers District Association was lost. Another from Gleichen local asking that all restrictions be taken off so locals can write hall insurance, and do with the money as they see fit, was carried.

Another from Strathmore asking the provincial government to fix the salaries of school secretaries, was lost. Namaka local asked that the secretary get in touch with all locals in the Gleichen Provincial Constituency, with a view of forming a permanent U.F.A. organization. This was carried.

The Convention next heard Mrs. H. E. G. J. Schofield, on the Posture Pool, and Mr. Schofield, vice-president of the U.F.A., on organization and the Dairy and Livestock Pools.

Mr. Schofield gave a splendid address. The next meeting will be held in Strathmore some time this fall. Election of officers for 1925 will take place.

### Cheadle

Mr. and Mrs. W. J. Miller have returned home after an auto tour through the mountains of B.C., Washington, and Idaho.

Mrs. W. E. Keer left Saturday by auto to visit her son, Ray, at Claresholm.

Mrs. Fred Mackenzie had the mortals to fall and sprain her ankle badly, and is confined to the house.

Mrs. F. Warner is visiting with Mrs. R. Walker.

Mrs. T. H. Bickell is around again after being under the doctor's care in Calgary for a couple of weeks.

Mr. and Mrs. A. Pierson are on an auto tour through the mountains.

Jimmy Halliday has returned to the station from his holidays at the coast.

Tony Devoux is building a new barn, with the assistance of Julius Rohrer.

## Municipal District Convention

A very interesting meeting, the first of its kind to be held in the district, took place on Thursday, in Strathmore Great War Memorial hall, representatives of Municipal Districts within the Western Irrigation Block met to discuss common problems. Several government representatives were also present.

In the evening the delegates were the guests of Strathmore Board of Trade at a luncheon. The delegates present were:

- M. D. Bow Valley—Chamberlain, Nelson, Nash, Groves, Wheeler, Weyers, and Gardiner.
- Keoma—P. H. Donkin.
- M. D. Blackfoot—Hyndman, Dawes, McLean, and Wright.
- M. D. Shepard—Hinde, Wenstrom, Winters, Goo, Carlyle.
- W. D. Spence and A. D. Fisher, Dept. Municipal Affairs; J. Stephens and E. W. Brundage, Dept. Agriculture; R. S. Stockton, Natural Resources Department; C.P.R. Bridges.

The first contentious matter was that of bridges over the C.P.R. Irrigation Ditches, and a resolution was finally passed which states that future bridges should either be straight with the road allowances or allow a clear eighteen feet passageway.

The weed situation was discussed at considerable length. W. J. Stephens, Field Grant Commissioner for the Provincial Government, said that the inspectors should really be on the job twelve months in the year. The ordinances regarding screenings from elevators should be enforced. If the Municipal Districts could not get competent supervisors the Government could put them in touch with good men.

E. W. Brundage, Field Supervisor for the Government, said that the weeds to be most careful of were the Perennial and Annual Ryegrass, and Thistle. These should be dug out, especially on irrigation ditches. The low thistle could be controlled fairly easily now, as it was in small patches now, but it would be a great deal more difficult to control later on. A very bad effect on the country in a few years. He praised Blackfoot M.D. for the purpose of destroying weeds, and there was an improvement over last year.

There was some frank discussion over the weed situation, and finally all parties agreed that they would cooperate to do their best.

**Hall Adjustments**  
The chairman brought up the matter of delayed adjustment by the Municipal Hall Board, which he said had led to a lot of ill feeling which was not to the interest of the Board. He paying the line companies had been the Hall Board refused to make adjustments on early storms in regard to taxes. Again, the making of several adjustments was refused. No less than five Hall Board adjustments had been made in line with connection with his claim.

After discussion, a resolution was passed asking the Board to give less immediately or delaying adjustment until the crop was threshed.

**Crop Reports Inaccurate**  
A resolution was brought forward asking that crop reports be collected through the Municipal Council, as those taken through the elevators were not accurate. It transpired that a number of the delegates never had filled out one of these reports. It was felt that the reports gave false impressions of the crop. Other delegates doubted if the Municipalities would assume the responsibility of collecting reports, and the matter was finally tabled.

**Poundkeeper May Bid**  
A resolution was passed asking for an amendment to the Domestic Animals Act, whereby the poundkeeper might bid if the amount offered by other bidders was insufficient to cover the costs. At present the poundkeeper or auctioneer is prohibited from bidding.

**Equalized Assessments**  
The matter of equalized assessments was brought up by Mr. W. D. Spence. (Continued on another page)

The Strathmore management are somewhat lax at Keoma, however they promised faithfully on Wednesday that they would give Strathmore a return game on the 9th for one player at Keoma earlier in the season. They did not show up, however, nor even send word that they could not come, to the disappointment of many fans who were in for the game. Consequently Strathmore are out the expense of their game at Keoma.

Harry Scott, of the Albertan, took in the afternoon game, and in his comments takes Benton to task for snoring while on duty, and on his style of dress. Any one who says anything against Harry Benton, though will lose popularity with Strathmore fans, as Harry has been the main item of the team for many years.

Quebec, Que.—Quebec this year is enjoying its greatest influx of tourists for some time. Hundreds of motorists are camped in and around the city, while the Canadian Pacific Chateau Frontenac hotel reports capacity bookings. The majority of the motor tourists coming here are from the New England States.

## Standard Wins Baseball Tournament

White Standard, aided by the shades of darkness, copied off the big money in the baseball tournament held at Strathmore last Wednesday, the hero of the day was Melvin Galloway, of the Keoma team who played a full nine innings against Carleton Place, and then pitched eight innings against the hard-hitting Standard-Rockford combination, who had that forenoon knocked the spots off the Strathmore aggregation.

The reason for Keoma losing the game may be ascribed to their appetites. The evening game was scheduled for 6:15, but they did not show up till around seven p.m. At the end of the seventh inning it was naturally getting pretty dark. Keoma wanted to call it a day then, but the other team were not having any, and the umpire was of their way of thinking. In the eighth inning Standard was first to bat and with two men on bases they knocked out a long hit to left field, and while the fielder was searching for the ball in the gloom they registered three runs, following which the Keoma boys refused to play any longer, which was an unfortunate ending to a good day's sport.

Napoleon is stated to have said (as a army travels on its stomach, success automatically were heeded by the Standard boys, although they deny the allegation, for traveling too fast in the dark. Others said they were waiting for Louis Brown, Keoma, however, were consulted with the second prize money.

### Standard Wins Morning Game

To help their chances of entering the semifinals, Strathmore had imported a pitcher officially named Watson, from Calgary, reputed to have been the best in the province, but 'have been' was right, for the Standard boys knocked his offerings all over the field, and he had to be taken out and replaced by Eddie Crellin, too late, however, to save the day. The final score for a seven innings game was 15-4. The details of the tragedy are as follows:

Strathmore—Gray, 1b; Carson, 3b; Watson, 2b; Brown, cf; Crellin, 2b; p; Shawater, 2b; White, cf; Hughes, cf; Giroux, rf.

Standard—Miller, 2b; Cox, 1b; Knight, 3b; Reisch, cf; Muller, cf; Rasmussen, rf; Bushman, 1b; Hyman, p.  
Score by innings: Strathmore 210 110 9—5 Standard 292 152 1—15

Keoma Wins from Carleton Place  
The Carleton team were also believers in the imported variety of pitcher, for they had a battery from Blackie, and they lost their game in the last innings. Keoma registering five runs off the dark horse from Blackie, Galloway pitched a steady game for Keoma all the way through, and Clayton, for Carleton, lasted well until the final innings.

Keoma—V. Mackay, cf; Miller, 1b; Ray, 2b; Reisch, 1b; McCullister, cf; Galloway, p; R. Mackay, 3b; Breen, ss; Knox, rf.  
Carleton—Mace, cf; Gehrke, 1b; D. Clayton, cf; Fortner, 2b; Benton, 3b; Patterson, ss; W. Clayton, p; Stinson, 1b; Harper, rf.

Score by innings: Keoma 200 220 005—11 Carleton 110 500 200—9

### The Finals

Keoma had to thank Watson, the "star" who helped to lose Strathmore the morning game, for the success they attained in the first three innings, as they got six runs off him, when he called it a day and was relieved by Hyman, of Rockford, who pitched a good game for the remainder of the time. The finish of the game has been described at the commencement of this article. Keoma at the end of the 7th were ahead by two runs, the score being 9-7, and wanted it left at that, but Standard were naturally out to finish the game, though it would have been impossible to go the whole nine innings under the conditions.

Score Standard-Keoma game: Standard 402 521 41—9 Keoma 412 200 05—3

Standard—Miller, 2b; (cf; cf; Knight, 3b; Reisch, cf; Davis, cf; Watson, p; Breen, ss; Roberts, 1b; Bushman, 1b; Hyman, p.

Keoma—McLay, cf; Miller, 1b; Fortner, 1b; Ray, 2b; McAllister, cf; Galloway, p; McKay, 3b; Knox, rf; Patterson, ss.

Umpires—Shawater and Way.  
Although the whole of the prize money had to leave town, the Strathmore Club had a successful day financially, the enjoyable dance held in the evening being well-attended.

## Keoma Notes

We are sorry to say that Mr. J. Shepherd and Mr. S. Kerr are ill. Mr. Shepherd has pleurisy, and it was feared that both had pneumonia. They have pulled through that, however, and are well on the way to recovery.

The K-K-Ku played their second match against Riverdale last Sunday to decide the league champions. Riverdale won 12-1, and as this was their second visit they have to play in the cup finals.

Nearly everybody in the district attended the chauncous held in Irticon from July 21st to August 6th. It was a distinct success, and many Keoma people have signed up as gamblers for next year. It is to be hoped that the lectures will "sink in."

Keoma visited Strathmore on Wednesday to see the K-K-Ku play in the tournament. They played a fine game with Carleton in the afternoon, and with four runs gained in the 9th inning won the victory, and had to play in the final. Although Keoma had the game and were easily the better team, through the meanness of Standard, Keoma had to go out for the 1st half of the 8th inning, which the darkness made impossible to finish, and so the K-K-Ku had to give up the game, also the prize money. Great credit is due Mr. Melvin Galloway for the way he pitched him in both games.

Great disappointment was expressed not only by the Keoma people, but also by their own players at the unsportsmanlike attitude of the Standard supporters and players.

A barn dance was held in the new barn at Mr. Axel Anderson's, and was well attended from all around. Dances, Reischler, Keoma, Kathryn, and Irticon. The large crowd was not too large for the barn, and the piano and orchestra made itself heard. The ladies took lunch, which was served with lemonade at 12 o'clock. Every one agreed that the evening was well enjoyed, with many thanks to Mr. Anderson.

Mr. and Mrs. S. Koch are spending their holidays at Mr. I. Koch's. It

was quite like old times to see our former babe Ruth at a ball game.

Mrs. Galloway Sr. has returned from her holiday with Mrs. Kington at Winnetka, N.C. We hope she will feel much better for the change, and we are glad to see her back again.

Mr. and Mrs. Clark are expected back from their motor trip to Saskatchewan, where they have been for the last week.

Mr. and Mrs. Allison motored to the Pine Lake for a few days. Since returning Jackie has been operated on for adenoids and tonsils, but is well on the way to recovery.

Cutting has started west of Keoma, and is now in full swing. We hear that the crops are not as good as was hoped.

## "THE TEN COMMANDMENTS"

COVERS TIME AND TERRITORY

The Red Sea and San Francisco are about five thousand miles apart. The Israelites fled by Moses on their exodus from Egypt are separated by about forty centuries from Sunday afternoon jazz dancing today. Yet Cecil B. DeMille has managed to put them together convincingly in his pictureization of "The Ten Commandments." This great Paramount picture is coming to the Memorial Hall on Thursday, Friday and Saturday.

The modern story opens on a devout mother driving one of her two sons from home because he will not "apologize to God," for what she believes sinning. The son goes out in the world, not literally, but boyishly exulting, to smash every commandment. Then DeMille develops his theme that if you try to break the Ten Commandments they'll break you.

A gorgeous Biblical episode, done in natural colors, is enacted by such popular players as Estelle Taylor, Theodore Roberts, James Neill, Charles de Roche, and Lawson Butts. The two million persons who have paid from one to two dollars to see this greatest of Paramount Pictures testify that the highest point of the cinema art has yet reached, has been achieved in this most ambitious theatrical effort of Cecil B. DeMille.

## School Exam Results

Strathmore Makes Good

There was a slightly better showing throughout the province in grades XI and XII this year, but IX and X have not done as well as they did last year. Strathmore results are better than they have been for some years, and compare very favorably with those of Calgary, and are much better than the average throughout the province. Of 10,400 candidates writing the High School examinations, approximately 2,860 were successful in passing.

The percentages for the various grades are shown below. The first column shows the percentage of the passes in the province; the second, the percentage of passes for Strathmore High School; and the third, the percentage of passes taking into account only those candidates who were not repeating the year, and who had not failed in the lower grade and were not later than September 20 in entering school.

Grade XII	Alta S.H.S.	S.H.S.
Passed	29	29
Passed and continued in one subject only	58	80
Grade XI	51	49
Passed and continued in one subject only	50	70
Grade X	22	25
Passed and continued in one subject only	37	50
Grade IX	61	100
Passed and continued in one subject only	60	70
Grade VIII	67	90
Passed	61	73

The names of the successful candidates appear below. Where conditions, the number of subjects in which they were conditioned appears after their names.

Grade XII  
Grace Scheer, Stephen Chamberlain (1), Alvah Downey (1), Isabel Lawson (1), Maude Marcum (3).

Grade XI  
Percy Way, Jack Anglin, James Thomson, Dean Tweedie, Gertrude Chamberlain, Eileen Garriott (1), Esther Stockton (1), Arie Downey (1), Mildred Marcum (2), Wilfred Gardiner (2), Gladys Lewendon (2).

Grade X  
Gladys Stephens, Thomas Chamberlain (1), Leonard Van Tighem (2), Nyall Tweedie (2).

Grade IX  
Florence Garrett, Nora Chamberlain, Ida Frederick, Archie Gray, Percy Eves, Lionel Gilbert (1), Jack Crellin (1), John Freeman (1), Margaret Lawson (1), Billy Corlett (2), Kate Chamberlain (2).

Grade VIII  
John Garrett, Nancy Stephens, Annie Harwood, Tom Glendinning, Will Glendinning, Neil Glendinning, Opal Tweedie, Evelyn Batty, Neil Breen.

Deserving of special mention are: Gladys Stephens, who obtained XI standing in Latin and French, Part I, in addition to her X work.

Ida Frederick, Lionel Gilbert, Florence Garrett and Billy Corlett, who obtained standing in French Part I, in addition to the required IX subjects.

To each and every one of these we extend our heartiest congratulations upon having won further milestones in their education.

School reopens on Tuesday, Sept. 1. Remember the examinations for Grade IV conditioned pupils on August 21.

## CALGARY'S POPULATION

Calgary's population in 1925, estimated by the Henderson's directory, following a careful survey of the city, has been placed at 77,650, according to the 1925 issue which has just been published. Last year this same authority estimated the population at 75,839, showing an increase of approximately 1,800.

#### SALES OF BIBLES

INFLUENCED BY "THE TEN COMMANDMENTS"

An official of the American Bible Society, in speaking of Cecil B. De Mille's picture of "The Ten Commandments," made the following statement:

"The sale of Bibles during the present year is greater than the total sales any previous year including last year when we distributed more than

seven million in the United States. This extraordinary increase of interest in the Holy Writ is traceable, in a degree at least, to the influence of the motion picture version of "The Ten Commandments."

Strathmore will have a chance to see this great production on Thursday, Friday, and Saturday of this week, when it will be shown at the Memorial Hall for the first time.

## Social-Personal

Mr. and Mrs. Milton Moorhouse, of London, Ontario, who have been the guests of Mr. and Mrs. O. C. Moore since for a fortnight, left Tuesday for Vancouver, where they will visit coast cities.

Dinner and Mrs. G. E. Koch, and children, of Denbigh, and Mr. and Mrs. T. J. Koch were entertained at dinner by Mr. and Mrs. John Geier on Sunday.

Mr. and Mrs. Chas. R. Emery have returned to their home at Jackson, Michigan, after spending a month with C. W. Chase and family. Mr. Emery was very much impressed with the country and took many pictures in and around Strathmore as a souvenir of his first trip to Western Canada.

Nat Davis, formerly of Strathmore, and now in the insurance business in Calgary, was a visitor here last week. He expects to be transferred from Calgary soon to a higher position with his company.

Mr. and Mrs. R. L. Whitney arrived back last week from a trip from Edmonton to Prince Rupert, by sea to Vancouver, and thence home. Mr. Whitney for some time after school closure was engaged in examining papers in connection with the Department Exams. They had a most enjoyable trip.

Mrs. O. F. Bremer and family visited with Mr. and Mrs. Hirtle all of last week.

Miss Pearl McCann, Calgary, attended the baseball dance on Wednesday evening.

Mr. and Mrs. F. M. Brown and daughter, of Adams, Oregon, are at present visiting with Mr. and Mrs. F. H. Hartman. They had a pleasant motor trip from Oregon. Mr. Brown owns land in the Nightingale district, and is well pleased with this year's crop prospects.

Mr. and Mrs. Oscar Moorhouse left today on a trip to Jasper Park returning by Watrous, Empress and Medicine Hat.

Mrs. Craddock and Mrs. Arnold are spending a month's vacation at Sylva Lake.

Mrs. J. W. Giffen, with Donald and Preston Giffen, drove down from Edmonton Monday, and are staying a week in Strathmore, visiting with Dr. Giffen.

## Junior U.F.A. Organised

On Friday evening last, a number of people gathered together on Mr. Harold Riddin's farm at the invitation of the U.F.A. and U.F.W.A. to decide as to whether or not a Junior U.F.A. should be organized.

The evening was propitious, and the place all that could be desired. The speakers gave afforded opportunities for games of lawn tennis, etc.

Charles and John Hornstra drove from Edmonton to do their share in promoting the growth of the organization.

After a most enjoyable all freer supper the meeting was called to order.

Charles Hornstra aroused the spirit of the gathering to a strong enthusiasm. He proved the value of the leader unions and the privilege the young folks had in following the example of their parents, and by organizing, training their youthful enthusiasm into the splendid achievements already obtained by their efforts in co-operative marketing, which was only a first step in the right direction. Opposition they would meet with, but they can readily checkmate that, because, strongly organized for the well fare of all through the welfare of each, it will not be hard to upset the tactics of selfishness.

A dozen or so of young folks signed up right there, whereupon arrangements were made with Mrs. Gude, president of the U.F.W.A. to meet at her home on Wednesday, 12th inst., at 7:30 p.m., to perfect the organization by the election of officers and taking of such further measures as would appear necessary. Mr. Chas. Hornstra promised to be present and give them such assistance as they require.

#### NEW HOMESTEAD RECORD

Setting the highest monthly record in nearly three years, 109 homesteads in 12 seller grants, a total of 121 quarter sections, were taken up at the Dominion land office at Edmonton in the month of July.

## Namaka

Among the Namakites who spent last weekend in Banff were: Mr. and Mrs. H. Brown, Mr. and Mrs. H. Proctor and family, Mr. and Mrs. Charles Watts, Mr. and Mrs. Fred Watts, Mr. Chester Edwards, Mr. J. Monro, and the Misses Merrill Brown and Emile Watts.

Harvesting operations commenced over the week end, and will be general this week in the Namaka district.

Miss L. Bigger and niece, the Misses Isabel and Lena Loezman, of Nelson, are at present visiting Mr. J. P. Lawrie.

Miss Margaret Watson, of Calgary, spent a week's holiday with her parents, Mr. and Mrs. C. W. Watson.

The Namaka Oddfellows journeyed to Banff last Thursday evening. They report a splendid time.

Messrs. Loy Wheeler and Jim Lawrie returned Sunday evening from a trip to the south country.

A large number of local people attended the chivaree for Mr. and Mrs. Harry Scott last week. The Gleichen band was in attendance during the evening. The crowd was transferred from Mr. Scott's home to the Meadowbrook Community Hall, where dancing was indulged in till the early morning.

## Beiseker J. P. Is Committed

Charles Fryer, postmaster of Beiseker and Justice of the Peace, charged with shooting at Edward Hagel, painter of the district, and tampering with the mails, was committed for trial by Magistrate Sanders of the police court in Calgary, Wednesday.

On Tuesday last, Fryer met Hagel on the street and waved a revolver at him, giving him 20 minutes, to leave town, and fired two shots at him, because he disapproved of certain correspondence that had been going on between Hagel and his daughter, Miss Hilda Fryer, who is now living in Calgary, according to witnesses at the trial.

Evidence brought out showed that Hagel had been writing letters to Miss Fryer, addressing them in red ink to Miss Agnes Blenke at 517 Thirteenth avenue east, with whom Miss Fryer is staying. Miss Blenke knew by the color of the ink used that the mislaid was intended for her friend.

Edward Hagel's brother, Tony, mailed a letter to Miss Fryer, which her father intercepted at the Beiseker post office and read.

In the witness box at the police court Fryer declared that he had been given permission by Miss Blenke, father to open any mail addressed to her from the Beiseker post office. Miss Blenke corroborated this statement in the witness box, but Norman Dingle, who acted for the crown pointed out that this did not absolve the accused from the charge of tampering with the mails.

Fryer was therefore committed for trial at the next session of the criminal court in September on this charge—to do grievous bodily harm to Edward Hagel by shooting at him, intercepting a letter in the public mails and secreting or tampering with a letter in the mails.

Bail was fixed at \$3,000 and Mr. Fryer is arranging this now. Unless he elects for a speedy trial before the district court judge, the case will be heard in September, when the criminal assizes open. —Albertan

## Municipal Convention

(Continued from front page)

for the Equalization Board, said that the Board did not increase the assessment because of land being irrigable in this district, though in several districts they certainly took into account the accessibility of water when setting their assessment. The whole matter was at present under review, and it was just a question whether land should not be assessed altogether on its productive value. The difficulty was that their records did not go far enough back to enable them to form a proper estimate of the productivity of any certain area.

**Arbitration of Damage.** Mr. Hyndman, secretary of M. D. Blockton, brought forward a resolution, which was passed unanimously, providing that when members of the Council were asked to arbitrate damages to crops under the Domestic Animals Act, the parties calling for arbitration should deposit ten dollars each to cover the loss of time of the arbitrators. It was not fair that any man should be called away from his own work to inspect damaged crops without some compensation.

**The Evening Luncheon.** Following the Convention, the delegates were the guests of Strathmore Board of Trade at a luncheon nicely purveyed by Bill Williams.

Reeve Chamberlain again presided. After a welcome to the delegates, a short and interesting talk was given by Mr. R. S. Stockton on the recent irrigation convention at Kelowna. Mr. Stockton said that it had been a most interesting convention. The B. C. problems were entirely different from those here. Their payments were to \$8 per acre per year, and water was an absolute necessity. He mentioned the problems that confronted this district with regard to roads, weeds, etc., and said that the C.P.F. would cooperate in every way possible in their solution. They would give engineering and other assistance to Councils where ever they could.

Mr. W. D. Spence, who is a member of the Equalization Board of the Province, and Deputy Minister for Municipal Affairs, gave a short talk on the powers and duties of municipalities, and advised them all to study the various acts closely. The Department was always ready to help them.

The main speech of the evening was given by Mr. W. J. Stephens on the future possibilities of this country. He spoke in this line, we propose to deal with it more extensively in our next.

Mr. Phil Donkin spoke on the improved relations that now existed between town and country, and spoke of the good work that had been done by him and city men in connection with the promotion of the Wheat Pool. Others who spoke were Messrs T. E. Wright, John Mackenzie, A. D. Filler, Westrom (Rhoads), Hyndman (Blackfoot), Frank Miller, and E. F. Wheeler. The singing of the National Anthem concluded a well-attended afternoon and evening, in the opinion of all who were present.

Phone The Standard try when you have an item of news. If you have a visitor at your home, let The Standard have their names. Report neighbor hood happenings over the phone. It costs you nothing but a few seconds time, and you thereby assist in making this a live, newsworthy paper. Your co-operation will be sincerely appreciated.

## Carseland

Harvest is pretty general south of the hauled strip, and the grain stocks up exceptionally well, considering drought condition prevailing in some parts of the district.

Miss Alma Mutch, "Norm's sister", from Toronto, is here for an extended visit with Mr. and Mrs. Mutch.

Mr. Gaylord Gibson made a hurried trip to California some time ago to meet his father, who was very poorly. We regret to report that Gaylord was three hours too late to see his father alive. Mr. Gibson has the sympathy of the community.

Oscar Moorhouse and family had the pleasure of a visit from a brother of Mr. Moorhouse last week. He gave a very interesting talk last Sunday on the United Church.

A number from here attended the U.F.A. district association meeting at Nakamuk.

While at Banff a while ago, we had the pleasure of calling upon Mr. and Mrs. Lonsdale. We find them very nicely located, and while heartily entering into the work there as they did while at Carseland, although the work is of an entirely different nature. Mr. Lonsdale's church is filled to overflowing twice each Sunday.

While driving down the Windermere the other day a big black bear disputed the right of way for a time, and we considered him but a weak for the goat and bulldog from Banffshire. There might have been some question of the outcome, but we have heard of some wonderful comebacks.

If Mr. Melgren continues his campaign against the oil industry, we will be wondering if there are really more than two parties, as he repeats all his time talking about the Liberals and Progressives.

Miss Pearl Melendy is spending a few days with friends at Gleichen.

Last week's item regarding Macleod Federal Constituency Convention stands corrected as follows: Mrs. L. A. Phillips instead of Mrs. F. A. Phillips, and Mr. L. A. Phillips instead of T. A. Phillips. It might not be out of place to mention that all of the delegates to the Macleod Convention had a most delightful trip to the Waterton Lakes and across into the U.S., a distance of about seventy five miles from Macleod.

We had a wonderful trip into the mountains a while ago, and would like to tell about the wonders and beauties of nature found here on every side, but space does not permit, but I want to say that the people of Alberta are indeed fortunate to live with in a few hours drive of the heart of the Rockies, where the grandeur of nature is so lavishly placed. It seems to take a trip into the mountains would be the very best thing for one who comes to that point in his career where he thinks the universe revolves around and about his activities. The place one sits along side of Marble Canyon or Castle Mountain to make a comparison between ones puny self and the forces that made these marvels, and to look across Lake Louise and Lake Moraine, one may form an idea of God as an artist. We would like to say that one would be justified in making almost any sacrifice in order to make a trip into the Rockies.

## "THE TEN COMMANDMENTS" AN ALL STAR PICTURE

Cecil B. DeMille's Paramount Picture, "The Ten Commandments" is coming to Strathmore. It will be shown at the Memorial Hall for the first time on Thursday, Friday and Saturday of this week.

This production has a cast second to none. The historical part introduces Theodore Roberts, Charles de Roche, Estelle Taylor, Julia Faye, and James Neill, while the modern story is enacted by Richard Dix, Rod La Roque, Leatrice Joy, Nina Naldi, Robert Edison, Ames Ayres and Ethyle Chapman.

## British Dominion Oil and Development Corporation, Ltd.

Incorporated under The Companies Act of the Dominion of Canada.

Head Office—205, 8 Dominion Bank Bldg., Calgary.

Authorized Capital \$500,000  
Divided into 500,000 shares of One Dollar each.  
Present issue 200,000 shares.

This Company has been incorporated for the purpose of developing its oil holdings in the Turner Valley field, about 40 miles South West of Calgary. It is in this field that Royalty No. 4—the million dollar well—is located, producing upwards of 500 barrels of high grade oil and 20,000,000 cubic feet of wet gas daily.

British Dominion Oil and Development Corporation Limited will drill its first well within 200 yards of Royalty No. 6. This location is accepted as one of the choicest drilling sites in the field.

As evidence of the faith of the big oil and gas interests in this field the following works have been undertaken and are now being carried out—the cash expenditure running into millions of dollars:

1. Drilling a large number of new wells including Royalty Nos. 5 and 6.
2. Construction of a 4" oil pipe line from the Turner Valley field to the Imperial Oil Refinery at Calgary.
3. Construction of a 10" gas pipe line from Turner Valley field to Calgary.

The acquisition by the Imperial Oil Ltd. of a controlling interest in the Southern Alberta Oil Ltd., a Company holding some 2,500 acres of oil leases in this field and its undertaking to develop same, should be convincing evidence to those looking for a guide in an investment of this nature.

British Dominion Oil and Development Corporation Limited has not paid one dollar in cash for its valuable holdings or incurred any expense for its incorporation, the whole having been defrayed by the vendors of the leases who have accepted shares in full satisfaction.

A copy of the Prospectus can be obtained from the Fiscal Agents, J. H. Goodwin Limited, 205-8 Dominion Bank Bldg., Calgary, or from their local agent.

## Fred J. Dunn

Financial Agent, Strathmore

I have just returned from a visit to the Turner Valley field and have inspected the oil holdings of the British Dominion Oil and Development Corporation Limited. I have also investigated the organization and merits of this Company, and have no hesitation in recommending its shares to those seeking a good speculative investment.

## LOCAL NOTINGS

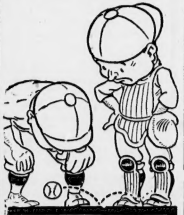

Mr. A. N. Lindsay is now with the Union Oil Company for this district, and has no connection with the Canadian Credit Men's Trust Association, having resigned from their employ two months ago.

Mr. G. C. McLeidy, of Carleton Place, has been elected a director of the McLeod Federal Constituency U.P.A., at a convention held last week, at which Mr. G. C. Coote, the present Federal member, was re-nominated.

We are in receipt of a very interesting letter from Mr. John A. MacDonald, formerly station agent here, and now station agent at Carleton Place, describing his trip across the Atlantic. During his visit Mr. MacDonald visited England, Scotland, and France, with Mr. Len Poxon, another Carletonite. At Wembley they met Mr. Chas. Allen, in charge of the C.P.R. Building there. The weather on the other side was exceptionally good during their stay. They were very hospitably entertained, especially in Scotland.

Mr. H. M. Thorburn, whose application for the Strathmore Hotel appears in another column of this issue, is an old-timer in Alberta, and for a number of years was manager of the Carleton Hotel. He will probably take over the Strathmore Hotel at the beginning of September.

Quick work. A local man who opened up a butcher shop here at the beginning of the week closed up again before the week finished. This has all previous records for getting in and out of business beaten, the closest being a party who started a restaurant, and was bankrupt within thirty days. Trying to start a business without money is as hard as running an auto without gas, the difference being that while the parties mentioned above had lots of gas, they had no money, or very little.

Catcher and pitcher have allowed a ball to roll fair - How is this play scored?

OF LOCAL INTEREST  
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard, Phone 17 or 68.

Strathmore butcher shops will be open early Wednesday afternoon until further notice, so that farmers will not be inconvenienced during the harvest season.

The staff of the Strathmore telephone exchange are to be congratulated on the appearance of the exterior of the exchange. All summer Manager McFarland and his assistants have been busy painting and caring for flowers, shrubs, and trees, watering and cutting the lawn, etc., and for finishing touches they have placed an electric sign and several painted flower pots at the entrance of the building. The whole presenting a very pleasing appearance. Prizes are offered each year by the Telephone Department for the best kept buildings and grounds, and the exchange which beats Strathmore will have to "go some."

Union Church Services will be held in Standard at 7:30 p.m. in the new schoolhouse, Sunday, August 16th.

Free Demonstration of Baking will be given by the domestic science experts, and members of the educational department of the E. W. Gillett Company, in the Strathmore Trading Coy. Store from August 17 to 22nd.

Messrs McKeeble and Son are back again in ownership of the Strathmore Pharmacy. The health of Mr. Evansfield, who took over from them some weeks ago, has been too poor for him to stay in Strathmore, and while the sale was a cash transaction, "Red" and his father, who had been looking over the Province for a location, found that there was nothing that offered better prospects than Strathmore, as they have bought the business again.

Mr. John Taylor is proudly exhibiting some ripe tomatoes, grown in his garden.

Mr. F. J. Dunn took a trip down to the Turner Valley Oil fields last week and inspected several of the wells. As will be seen from our advertising columns, he has the agency for the British Dominion Oil and Development Corporation, Limited.

### FAMILY RE-UNION AT DALEMEAD

An interesting social event at Dalemead recently was the annual reunion of the family of Mr. and Mrs. L. McKinnon, held at the L.K. Ranch. The thirteen children of Mr. and Mrs. McKinnon were all present, some of them being married and bringing their families. Mrs. McKinnon's mother is the proud possessor of eight sons and daughters, and more than forty grandchildren, all but two of those being present. Altogether 116 members and relatives of the family were present along with a few invited friends, and

## The Right Way to Boil Potatoes

Put the potatoes in an SMP Enameled Potato Pot. Cover with water. Add salt to taste. Boil until soft. When finished, drain off all the boiling water through the strainer spout. No danger of steam scalding the hands because the handle securely locks the cover on. If your family uses potatoes, you require one of these.

## Rockyford

Frank Curran met with a painful, though not serious accident last week when he had two of his ribs fractured while working on some machinery at his farm.

Mr. and Mrs. Geo. Thurston's boy is suffering from a bad case of blood poisoning in his knee. He was taken to Rockyford hospital. Dr. Denovan attending.

Mr. and Mrs. J. B. McGuire and family have returned from Sylvan Lake, after a two weeks holiday.

Mrs. E. McCrear, our popular school m'na, has returned from summer school at Edmonton.

Mr. E. W. Pust attended the wheat pool convention at Calgary last week. Since returning Mr. Pust has been laid aside with flu.

Dance, Friday, August 14, Jolly Boys Orchestra, Rockyford Hall, 9 p.m. Best of cuts, best of music, good time. Admission, \$1.50. Ladies free. In aid of school phonograph fund. Everyone welcome. 12-8a

Mrs. J. A. White has been spending a few days at Sylvan Lake, also visiting friends at Edmonton.

Mrs. W. H. Acton received the sad intelligence last week that her father, Mr. Clarke, had been accidentally electrocuted at Edmonton last Tuesday. Mr. and Mrs. Acton left for Edmonton immediately on receipt of the news.

Charlie Eklund has returned from a week's vacation at Sylvan Lake.

Miss Pauline Griffiths is at present relieving on the telephone exchange staff at Drumheller.

Mr. Andy Clark, well known and popular in Rockyford for a number of years as assistant in Mr. Ryan's store has resigned his position to go into business for himself.

A large number of trees have recently been planted on the road between Rockyford and Tutor. In two or three years these, if looked after, will make a fine showing.

Cutting is in full swing now. Local stores will be open evenings during the harvest season.

Mr. James Black has returned from holidays and taken up duty.

Mr. W. H. Acton has returned from Edmonton. The sympathy of the community is extended to Mr. and Mrs. Acton in their bereavement.

Quite a number of Rockyfordites motored to Drumheller on Sunday, and participated in tennis there.

Wake up gamers. There is a cap still to be played this season. Let's get busy.

Mr. Ed. Wilson, C.N.R. agent, met with a serious and very painful accident on Tuesday morning, about 10:30 a.m. He was passing orders to the train crew when the flange of a grader car caught him and cut quite a gash in his side. He will probably be laid up for a week or so. Dr. Denovan attended him. It was a narrow escape from a fatality.

Mr. John Bragg and son, Russel, and Mr. W. McMillan have returned from a motor trip to Kitchissippi.

Rockyford Motors have purchased a one unit lighting plant, capable of lighting the whole town. They expect to have it in operation by the beginning of September. Watch Rockyford glow.

Have you seen the drug store? It is being painted. 'Nuf sed.

Miss Rosie Heinemann and Mr. G. Gaul returned to the States Monday after a visit to Mr. and Mrs. M. Heinemann.

## Serviceberry Farmers' Convention

The quarterly meeting of Serviceberry District U. F. A. and U. F. W. A. Locals was held in Nightingale Hall on Sunday afternoon. Owing to the closeness of the harvest season, there was not a large attendance, but the district as a whole was well represented. Mr. Vic Chapman was in the chair, with Mr. F. E. Wyman as secretary.

**Expresses Confidence in Government**  
A resolution was passed unanimously expressing confidence in the present government in Alberta, and of the Federal members for the Province. The resolution was in the following terms: "Be it resolved that Serviceberry U. F. A. and U. F. W. A. District Association, in Convention assembled at Nightingale, endorse the Provincial Government in its administration of the affairs of the Province; and be it further resolved that we express our appreciation of the work of the Alberta Federal members during the past season."

**Heroic Action Is Commended**  
A resolution was passed putting on record the admiration of the members of the Association for the heroic action of Wilma Porteous, age 15, in making repeated endeavours to save the life of Mrs. Graves, at great risk to herself. It was also agreed to bring the matter to the attention of the Humane Society, so that proper recognition could be given.

A resolution was also passed expressing the sympathy of the Association with Mr. Chapman.

**Next Meeting Place**  
The next meeting will be held at Rosebud, on the second Saturday in November.

**Letting George Do It**  
A telegram was received from Mr. Geo. Hoadley, Minister of Agriculture, expressing his regret at his inability to be present and address the Association. Owing to the amount of business at Edmonton, the Premier had insisted upon him staying there this week.

**Wheat Pool Report**  
Mr. A. C. Scratch, wheat pool delegate, gave an interesting resume of the wheat pool meeting at Calgary.

A synopsis of the address to the Association by Mr. Jos. Shaw, M. P. will be found in another column.

The delegates were handsomely entertained to lunch by Ardenode U.F.W.A.

## Rosebud News

Last Friday was Sports Day in Rosebud, and all present seemed to enjoy themselves. Two bachelors, Drumheller vs. Carleton, in favor of Drumheller, then Drumheller vs. Rosebud, in favor of the same team. The pony race was won by Herbert Bohning, the barrel race by Jack Gow, fat men's race by O. N. Gilbert, girl's race by Louisa Sellers, dressed pair by a little boy from Stander, everybody's race by Mr. Mac. The evening called forth the largest crowd there has been in the hall to dance for a long time. Some of the promoters were planning for next year's sports day before the day was over.

Helon Summers has been successful again in passing her grade VIII exams this time, while earlier in the season she passed her music exam. We think the "Little Miss" should be congratulated.

Mrs. Coffy and Mrs. Warren Riley returned to Calgary Saturday after a few days visit in this neighbourhood.

Geo. Lough has taken a position as teacher in a school near Edmonton.

Bruce Sangster was quite seriously injured last week while playing around A. Murray's garage, having dislocated one hip and bruised the whole leg badly. He is in the Calgary hospital and shall be obliged to remain there for some time.

Mrs. Opal Jones was successful in passing her exams at Commercial High in Calgary, so must now feel that she is a real business lady.

## At Your Service

Since we've been in business, we've shown our many customers that the more they use our service, the less trouble they have with batteries. If you, too, appreciate freedom from battery worries, give our service a fair trial—then judge for yourself.

## "CANADIAN CLUB" WHISKY

This advertisement is not inserted by the Alberta Liquor Control Board nor by the Government of the Province of Alberta.

Mrs. Ed. Nicklason has been visiting her daughter, Mrs. O. Lyon, near Rockyford, who was reported ill.

Great credit should be given the crossword boys, R. Barr, Dale Brunner, Wilford Hyman, as well as their teacher, Miss Irving, for their being so successful in passing their high school exams. May this only be a stepping stone to higher achievements.

Mr. and Mrs. Geo. Gow, and daughters have been having a vacation. Red Deer and Banff being the places of real joy.

Mr. and Mrs. Brunner entertained Mr. Henry Sutton and family, Mr. L. W. Connick, Mrs. Parker and E. Parker for Sunday dinner. Yum, yum! That chicken and ice cream was good.

Two of our neighbours have been holidaying near Tekoa, Washington. Henry Clark and wife, and A. Clark and family, and report the best time ever to be had. From all reports we

think there must be another trip close at hand for one of the honorable men, for the first time in our lives we ever heard of a man travelling that far before he discovered he had left his trousers in another foreign land.

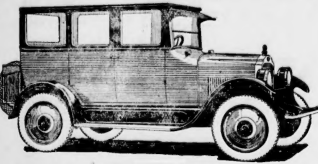

Mrs. O. N. Gilbert spent the day in Rosebud, and attended the sports.

### HEAVY TRAFFIC ON ROADS

A census of traffic recently taken on the Newton section of the Calgary-Glacier Park highway gives some indication of the extent of automobile tourist travel. In three hours on Sunday, there passed a certain point sixty-one cars with thirty-three Al-

berta licenses and the balance showed the union and one from Hawaii. A census taken on Sunday, July 5, the day previous to the opening of the Calgary stampede, in one hour showed two hundred automobiles passing through the village of Cayley, going north.

## The Greenfield Government

The present Provincial Government is going to the bow-wow, if we are to believe our political experts, and the armchair critics in our city newspapers.

According to the prophets, the first real experiment yet attempted in Canada, in non-political government, is going to fail, after four years trial, and the electors of Alberta, having endured a certain measure of political independence for that period, are to be herded back to the old party corral. But the herding back is not to be so easy a process. Though the party drama are being variously changed, the response is not at all that had been hoped for. It has no doubt created a certain amount of non-confidence in the government, but has not created any admiration for its possible successors.

Alberta, and the whole of Western Canada, is in severe shape today, for many years, economically and politically. The experience of independent government, free from Ottawa control, has proved remarkably successful. True, there is a Liberal Government in Saskatchewan, but the Liberal in name only. Premier Dunning has taken pains to dissociate himself with the activities of his caucus, and as a result, a free trader as can be found anywhere in the West.

At last session the big complaint of the part of the Liberals in Edmonton, we exclude the Conservatives, for we have proven himself a man of independence—were complaining that we had government by remote control. The cabinet ran the whole show, and the private members had to vote as they thought. At last week's meeting the complaint was entirely changed. "I was told," the Government had no policy on the Peace Railway situation, on the new line bill, and other matters that came up. And all because these matters were left to the free decision of the House, and no cut and dried schemes presented.

A determined effort, moreover, is being made to put the Provincial Government on a par with the federal government over the natural resources question. For the last fifteen years Ottawa has expressed itself as willing to let the provinces have their own resources, but the decision still rests with Ottawa, and as there are still no Federal election before the resources are granted.

At the same time, the Farmer Government will have to take the electorate into its confidence more fully if it wishes to go back. At last election many electors voted for the Farmer candidates because they were sick of party government, and wanted to give the new system a trial. But some U.F.A. members have an idea that they should control the elected representatives. This is not so. Any control over the member, if it is to be exercised at all, should be exercised by the electors as a whole. We would sooner have our provincial government run from Jumping Frog than from Ottawa, but this should not be the alternative presented to us. We believe that some system can be devised whereby voters other than U.F.A. members and professional politicians, can have a hand in the selection of candidates. The voters generally have no desire to return to party lines. Alberta's population is too small. It is only half of that of Glasgow, Scotland, which is run by a city council, while the whole of Canada, with its ten parliaments, contains about the same number of people as come under the efficient Government of the London County Council.

The cities feel this the country. Independent members, like W. M. Davidson and the late lamented R. C. Edwards, not for more support than any elected under a party label, and the want of a label has not handicapped them.

When a member is wanted, say, for Glenochter riding, would it not be possible for the U.F.A. in that district to get together with the Boards of Trade, of the towns and villages through out the riding, pick the man they think would represent them best, tell him to forge policies that he would support, and to represent his constituents, not Arthur McPherson or Mackenzie King. A certain number of members of course, can policies, but taxation is too big a business to make a selection of representatives a game.

## Canada And The New Map of Europe

Mr. Jos. Shaw, Federal member for West Calgary, held the attention of members of Serviceberry District Association at Nightingale on Saturday when, with the assistance of a large and appreciable made map, he described the present European situation. Foreign Affairs Have Little Attention. The discussion of European affairs had only taken up thirteen and a half days out of five hundred and forty-eight in the life of the present Federal Parliament. He considered that no serious attention was paid to foreign affairs. The next great world drama would be played on the Pacific and Canada would have to participate willingly or unwillingly. We ought to take a greater interest in world affairs in general.

Trouble Factors. The three great trouble factors in Europe at present were: Fear of territorial aggression; difficulties connected with payment of reparations; and the dislike of countries to relinquish in any degree their state sovereignty.

As a result of the war, huge populations had been transferred from one country to another, many new states had been created, and the countries to which the territory formerly belonged were anxious to take back the territory they had lost whenever they had the power to do so.

Balkan Peninsula Boiling. All the Balkan countries were unsatisfied. Russia was suspected of aggression on the newly-created states in the North, Germany was not satisfied with her present boundaries, which had not millions of Germans under control of other races, and France for trying to establish her supremacy in Europe by alliances with other countries. "What is the hope for the future," Capt. Shaw asked. Some method had to be taken to ensure solidarity. The old method of balance of power would only lead to future wars. There should be some permanent machinery devised to make alterations in boundaries where the majority wanted them.

The Question for Canada. What had Canada to do with this? Would it be good policy for the Canadian people to put their guaranty on the present boundaries? On the other hand, should the Canadian people leave themselves to the protection of Monroe doctrine and nothing else, or should they do something to do with world affairs.

The efforts of all who had the good of the world at heart were in the direction of making war impossible in the future, for the next war would be greater in magnitude than the last, and everyone would be engaged in it. Another war would mean that this civilization of ours, the greatest that had ever existed on the earth, would go down to ruin.

Mr. Shaw's address was entirely of a non-political nature, and was listened to with close attention throughout.

### LANGDON NOTES

Mrs. S. Scott, Hazel and Marjorie Shaw went to Pincher Creek Saturday to visit the latter's mother.

Mr. and Mrs. V. E. Dye and Ada married to Olen on Thursday. They came back Saturday. Miss Edith Yauch returning with them.

The Hebehn's Annual Picnic was held at Bowness on Sunday. Among those who went to Bowness Park on Sunday were C. Westrom and family, E. Weststrom and family, H. Dain and family.

Mrs. L. H. Bittie and children, and Mrs. H. L. Griffin camped at Bowness for the week end.

Roger Dye has a very sore hand since his return from East. He is practically "laid up," but we hope he will soon be better.

Mrs. A. Shider and Mrs. M. C. Salmons entertained the Langdon W. L. at the home of the former in Calgary, Wednesday, August 5. Forty or more were present. Mrs. J. F. Price gave a splendid and interesting talk on "The Buffalo," while Mrs. J. Paley sang several numbers in her happy delightful way. Delicious refreshments were served and once again the Calgary meeting was voted a great success.

The annual meeting of the Langdon and Bow River Agricultural Society will hold Monday evening. Report of the meeting will be given next week.
